## ✓ TIPS TO SUCCEED

### Get your inventory in early

Until November 20, we'll be focused on preparing new inventory for the holidays. Send inventory early.

### Give us a forecast

If you expect high order variability this holiday period, please provide us with your forecast by contacting [customercare@shipwire.com](mailto:customercare@shipwire.com).

### Submit standard work orders ASAP

Standard work orders require longer processing times during peak season. Standard work orders approved and accepted after November 20th are not guaranteed to be complete in time for Christmas delivery.

### Plan ahead to avoid delays

Starting November 25th, we'll be focused on getting orders out the door and into the hands of end customers in time for the holidays.

### ✓ TIPS TO SUCCEED

#### Questions on carrier service levels to a given destination?

Contact [customercare@shipwire.com](mailto:customercare@shipwire.com) with questions about last day to ship dates related to specific carriers, locations, or destinations. To be safe, drop orders the day prior to cutoff.

#### ASN delivery attempts

From December 21st through December 28th, ASN deliveries to warehouses in Canada (Toronto and Vancouver), Australia, and the Netherlands will be rejected. These facilities will reopen for ASN deliveries on December 29th.

#### Pay attention to warehouse closures

Many of our warehouses will be closed from December 23rd through December 28th. Inform customers of final shipping dates and don't let your inventory get stuck in the warehouse.
